

## Idoneus: For People Seeking Exceptional Value For Their Investment

### Idoneus: Exceptional Value.

Highly experienced luxury asset traders, delivering a digital marketplace that makes it **simple and secure** for luxury assets, goods and services to be **purchased, sold, rented or otherwise experienced**; allowing the **transfer of wealth and value across the world to occur more freely**.

Our native, Swiss-based digital currency (IDON) **enables access** to the platform and opportunities, **offsets the value of the assets offered**, and is the **primary method of payment** in the new digital economy for luxury.

### What Our Clients Are Looking For.

- **UHNWI / Holders of Crypto:** Seeking to divest out of surplus, dormant or underutilized assets, and exchange for an asset class which has been experiencing rapid growth and global adoption.
- **Family Offices:** Seeking opportunities to add to their need to find the best asset management solutions for their UHNW clients.
- **Token Holders:** People looking to buy, rent or experience luxury assets, goods and services, globally, available within the Idoneus Ecosystem and for private transactions.

### The Benefits Of Using Idoneus To Secure Greater Value.

- High quality, high value physical assets are a hedge against inflationary pressures on cash.
- Idoneus provides access to deals that are not available through traditional routes.
- The Idoneus platform makes transactions (buying, selling, renting) faster, more secure.
- Our portfolio is world leading covering a billion dollars in assets including Luxury Residences, Real Estate, Private Yachts, Fine Jewellery, Fine Art, Precious Gemstones, Precious Metals and Luxury Vehicles being represented in more than 30 countries globally.
- We are reputable, trusted and comply fully with Swiss Regulation (KYC/AML, due diligence on assets and suppliers).
- IDON can be used to change the risk profile of your personal asset portfolio by using it on the platform to purchase hard assets (**Use an Asset to Buy an Asset**) directly, without the need to convert to cash, irrespective of the physical complexities and variability across each asset type.

### How To Work With Us.

- **Enjoy instant utility:** Simply log on and transact. IDON enables fast, secure payment.
- **Utilise our services:** Public Asset Portfolio (instant access to listings) | Private Asset Portfolio (Dedicated, highly discrete and secure section of the platform for unique listings) | Personal Portfolio Service (If you have significant IDON, BTC, ETH, or FIAT holdings, and can't find what you are looking for).
